Dear the Principal of the School,
Mrs. Gerding is a amazing teacher. She helps kids do all sorts of math stuff all the time! Mrs. Gerding is amazing teacher because if a kid is stuck on a math problem she comes right away if a person is trying to get something she helps that person right away. She's also a fantastic writer and reader if you tell her to read something she reads it and understands it perfectly. If you ask her to write something she doesn't go to get a coke she does what you say all the time. Mrs. Gerding loves kids she has been teaching kids all the time. Mrs. Gerding is not a sad person she's a happy person. Tell Mrs. Gerding I said hi!

from Carter G.
